Ask about our CSI Camp for students in grades 5-8.

Calling all Secret Agents! From James Bond as “007” to recent characters such as Cody Banks and Carmen Cortez from “Spy Kids”, movies have sparked the imagination of youngsters to picture themselves as Secret Agents. In Eye Spy Camp, students will go beyond imagination to experience an assignment as a Secret Agent. Using age-appropriate Spy Gear™

equipment, computer technology, and other “cool” stuff, Eye Spy campers will learn the moves of true Secret Agents.

Eye Spy Camps introduce basic principles of science and technology in an enjoyable way for students entering 1st – 4th grade. Using a “Top Secret” Mission theme, students will participate in daily Camp activities that present concepts in Mathematics, Chemistry, and Computer Technology. Eye Spy Camps are created and led by certified teachers with advanced degrees and experience in Education and Science, designed to give students a challenging academic experience with real-life application.

Students will:

- ✓ Be part of a Secret Agent Team of Campers
- ✓ Receive Mission Instructions from a true Secret Agent
- ✓ Explore new technology and science through daily Camp activities

Typical Eye Spy Camp activities:

 Complete a scavenger hunt to locate Mission orders!

 Gather and process clues using Computer Technology!

 Discover how to crack spy codes and read spy messages using simple Mathematics!

 Wear a disguise and learn how to avoid enemy Agents during spy operations!

 Use Secret Agent “Chemistry” to communicate with invisible inks and formulas!

 Explore how to use Spy Gear™ gadgets!
